SUES FOR DIVORCE

Mrs. Minnie F. Hayes filed suit in the Mason Circuit Court yesterday for divorce from her husband, Stephen F. Hayes. In her petition she stated that he was a confirmed drunkard of not less than one year's duration, accompanied by a wasting of his estate. She asks for the custody of their two children, for alimony and for all property relief.

Lieutenant Charles Best is home from Annapolis Naval Academy on a ten days' furlough.

Visiting ministers and delegates to the Ninety-first Annual Conference of the M. E. Church, which convenes here tomorrow, began arriving this morning, and by tomorrow morning practically all of them will have arrived. The Conference proper will begin in the morning at 8:30 o'clock with addresses of welcome by Rev. W. B. Campbell of the First M. E. Church, South, and Mr. Carl Dodds, Secretary of the Chamber of Commerce.

This afternoon at 2 o'clock the Conference Board of Examiners will have a most important meeting at the Third Street M. E. Church, where all the sessions of Conference will be held. This evening at 7:30 o'clock the Board of Home Missions and Church Extension will hold an interesting meeting to which the public is invited. Rev. Ralph Wells Keefer will make the address instead of Rev. George B. Dean of Philadelphia.

## WANTED

FIFTY MASON COUNTY FARMER BOYS, BETWEEN THE AGES OF 10  
AND 18 YEARS TO JOIN OUR

### MASON COUNTY HEIFER CLUB

Believing that the future progress and prosperity of Mason County depends upon the continuing development of its Agricultural interests and the business efficiency of our future Farmers, with the hope of being able to aid in those directions, we have decided to organize a Heifer Club for the Farmer Boys of Mason County.

ABOUT THE FIRST OF SEPTEMBER, 1917, we are going to purchase Fifty Grade Shorthorn Heifers, about eight months old and weighing about 600 pounds, which we will distribute among the first fifty Mason County Farmer Boys, between the ages of 10 and 18 years, that apply for and agree to care for same and that can execute a bankable note covering the cost of the Heifer; which note shall be payable in the fall of 1918.

The Heifers will be bought by expert cattlemen connected with the Extension Service of the State College of Agriculture and be distributed among the boys by lot. Each boy will be given the same chance to make good, and required to become a member of the Mason County Boys' Agricultural Club and to care for the Heifer under the directions of the County Agent; to have the Heifer bred to a pure bred Shorthorn Bull, this fall, and to have her and her offspring ready for public exhibition and sale in the fall of 1918.

You will not be expected to put up a cent of money now; but, you must properly care for the Heifer and pay for it later and all the increase and profit will be yours.

About \$100 will be given away in prizes to the boys getting the best results, with their Heifers, at the exhibition to be held in the fall of 1918.

For full particulars call at Bank or see Mr. E. F. Boyd, Jr., County Agent, at once, as we want to close entries to the club by September 1st.

We are anxious to help Boys that are willing to work and learn.

UNCLE SAM  
Will Help Families—Dependent To Be  
Amply Provided For Through War  
Insurance Bill.

The Mason County Board will begin examinations for Uncle Sam's draft Army today, forty candidates having been ordered to report for examination. The examinations will continue all this week and will end next Monday when forty-five will appear for examination. Following are those who will be examined today:

Joseph Aloysius Dwyer, Leslie Cliff Parker, Ben Neal, Nathan Roy Jackson, David Francis Whaley, Arthur Thomas Mack, John Henry Straussbaugh, Henry Gibson Royce, Peter Norton Lashbrook, John Franklin Stone, Leroy Sadler, Hays Storer, William Walter Tomlin, Harold Mason Willlett, Robert A. Means, Walter Seaman, Jacob Harry Bradford, James William Cole, John Lee Young, William C. Crowell, Fred William Mains, Thomas Gregory, Claude Ross, John Duder, Ludwig C. Gaebke, Elmer Gentry Duder, Ludwig C. Gaebke, Elmer Gentry Davis, George W. Wallingford, Joseph Hunter Bickley, Clark Curtis Campbell, Harrison Gill, John Will Stewart, Richard Davis Stigney, Hans Lester, Salter Browning, Isaac Edward Mitchell, Lee Porter Ray, Cooper Newton Fitch, Oscar Clay Mattingly Oscar White.

The Board yesterday posted for service Carlos S. Weaver and refused exemption to Joe Alexander. This makes a total of 72 men who have been taken. It is thought possible, however, that this may be cut down quite a bit by the recent ruling of President Wilson.

ACCIDENT AT DAM

Results in Death of Harvey Penn, Col-  
ored, and Serious Injury to Walter  
Snelling, Another Negro —  
Three Others Receive  
Slight Injuries But  
Resume Work.

One man was fatally injured, another will probably die, and three others received minor injuries when a part of the old coffer dam caved in at the Government dam just above this city yesterday about 8:30 o'clock.

A force of men was at work tearing out the old cofferdam which is of no use now, when some of the timbers let go and five of the men who were working at that point were caught in the big slide of dirt, rock and timber which followed.

Assistance arrived immediately and it was found that three of the men escaped with only slight injuries, while Harvey Penn and Walter Snelling, both colored, were found to be injured quite seriously and were removed to the office of the Bates, Rogers Construction Company nearby. Drs. Quigley and Taylor were summoned and after giving the men a hurried examination discovered that both were suffering from internal injuries and their chances of recovery small. They were removed to the Hayswood Hospital in this city, where they both underwent operations in the hopes of saving their lives.

Penn rallied following the operation but grew worse shortly after dinner and died. His remains were removed to the undertaking establishment of McElvain, Knox & Diener and prepared for burial, after which the body was taken to his late home on the Lexington pike, from which place the funeral will be held this afternoon at 2 o'clock. Interment in the Mayville Cemetery.

Snelling was still alive when the Ledger went to press this morning and it is thought that he may recover.

WILSON SOON TO GIVE ANSWER  
TO PEACE PROPOSAL

Washington, August 27 — Signs were in evidence today of the dispatch of President Wilson's reply to the peace proposals of Pope Benedict at an early date. Officials freely conceded the probability of the early completion of the communication indicating that the President and Secretary Lansing at least have agreed upon the basic features of the reply so that what remains to be done is to put these ideas into diplomatic language. It is understood that rough drafts of some of the important points already have been prepared.

So far no authorized statement has been forthcoming as to the nature of the reply. Officials even deprecate speculation concerning it and there has been formal denial of a published report that Secretary Lansing had informed some of the Entente diplomats that Pope Benedict's proposal would be rejected.

PLANS FOR TOBACCO FAIR  
Discussed by Committee at Chamber  
of Commerce Yesterday—Novem-  
ber 22-24 Fixed As Dates.

Washington, August 26 — Those young men in Kentucky who would like to go into the army but who fear that wives and children may be left destitute if they do so may feel reassured by some new legislation which the Government is going to put through soon.

This is no less than the Government's war insurance plan, which includes, among other things, provision for the maintenance of a family left at home by a soldier. This bill may be passed this week.

Under the plan, a man with three children enlisting as a private, can assure himself pay at the rate of \$18 a month when in foreign service and can assure his family and children \$5.25 a month on which to live.

In fact, the Government will compel men enlisting in the army to allot not exceeding one-half of their pay to their dependents and the Government will, in turn, add to it about twice as much for their support.

For the present, at least, married men having wives and children dependent on them, will be exempt, but this does not mean that they will be exempted permanently. At the rates at which the registration lists are being exhausted, it would not surprise many to see the draft officials specify, at the next call, that a man must have children dependent on him as well as a wife, before he can be exempted. If the war should go beyond the three-year period, the length of time which department officials believe will take to crush Germany, then all able-bodied men citizens of military age may have to put themselves at the service of the Government.

Under the conscription law, no man between 21 and 31, who is able-bodied and a citizen of the United States, is exempt from the military service. It is only through regulations promulgated by the President, which may be withdrawn at any time, that exemptions were made for men with dependents.

There is every reason to believe, therefore, that if the line of dependency is drawn too close on this draft quota by men seeking to escape service, it will mean that the regulations will be so strict next time that many men who ought to go will be forced to take up arms. It is the old fault of volunteer system cropping out in the selective draft. The red blood of the country pours itself out willingly and without hesitation while slackers hang back and survive.

TO HONOR DRAFTED MEN

Limestone Lodge No. 36 K. of P., one of the leading fraternal orders of our city, is making plans to entertain those of its members, as well as those of surrounding lodges, who have been drafted and will leave soon for Camp Taylor, Louisville. A committee is now at work making arrangements for a big banquet and smoker to be held at Castle Hall within the next few days. It is planned to have several good speakers present at that time and to give the boys a rousing send-off. Those who have been drafted out of the membership of the local lodge thus far are Messrs. Horace Hornback and Henry Helmer. Neither claimed exemption. It is expected that there will also be quite a few present who have been drafted from surrounding lodges.

In Police Court yesterday afternoon Richard Browning of Bracken county was fined \$6.50 on a charge of being drunk. In default of the cash he was sent to jail.

## HOOVER'S HARD TASK

Food Administrator Hoover proposes (1) "to eliminate vicious speculation, extortion and wasteful practices and to stabilize prices;" (2) to guard our exports so as to retain sufficient home supplies while helping to feed our allies; and (3) to prevent waste in the kitchen and elsewhere. Work in the second and third direction has already begun and progress has been made. Plan 1, the prevention of speculation and extortion and the fixing of prices, now to be undertaken, is the most serious problem, in comparison with which the other two are relatively easy. England, after long wrestling with price fixing, is said to have really succeeded only where its government controlled production and thus insured a continuous supply, in other cases a serious difficulty being found in the withdrawal of supplies from the market and secret sales to those willing to pay more than the legal price.

That our government has England's experience in mind seems to be indicated by the announcement that it has "already perfected the plan whereby it will buy as much of the wheat crop as becomes necessary." Mr. Hoover proposes not punishment but regulation of speculators and extortioners, but the one, if effective, would seem necessarily to involve promise of the other. Light needs to be turned on all food stored up for higher prices, whether in great barns, cold storage or other warehouse. The problem is one of great difficulty and it may be that only a partial solution will be reached. But the effort is imperative and the government is doing only its plain duty.

## THE WIVES OF SOLDIERS

The wives of officers in our new army are made secure by their husbands' sufficiently large salaries, but what of soldiers receiving \$30 a month? When it was found that the plan to exempt married men would have to be abandoned, it was proposed to send to war only married men without children, and it seems to have been taken for granted that a childless wife could live on what her soldier husband could send her out of his small salary. Some newspaper editors even thought that the husband could send his wife \$25 a month and retain only \$5 for himself. This figuring was easy but failed to take account of stubborn facts. Even a soldier who is fed and clothed would be compelled to have more than \$5 a month for necessary expenses, and even if he could spare \$25 a month his wife could hardly exist on that amount in these times unless she earned money herself, which would be impossible in many cases.

This problem demands attention. Government provision for soldiers' wives, so that they will not become objects of charity, would appear to be imperative. The proposition is more justifiable than the existing system of pensioning the real or alleged widows of soldiers who fought half a century ago, and undoubtedly the matter will receive official consideration. As the national government is already overburdened with pressing problems and enormous expenses, the State governments could well afford to take this matter up and assume this small share of responsibility.

A distinction ought to be made between the war's actual costs and the vast loans to our allies representing investment on which interest will be paid. Failure to do this largely accounts for the fact that the staggering totals tend to take the average citizen's breath away. Merchant vessels will also return an income, while coast defenses, naval construction, etc., may be regarded as in large part investments for the future extending beyond the duration of the present war.

## HOME-READING COURSE FOR CITIZEN-SOLDIERS

(Issued by the War Department and all rights to reprint reserved.)

This course of thirty daily lessons is offered to the men selected for service in the National Army, as a practical help in getting started in the right way. It is informal in tone and does not attempt to give binding rules and directions. These are contained in the various manuals and regulations of the United States Army, to which this Course is merely introductory.

### LESSON NO. 14. THE TEAM LEADERS.

(Preceding Lessons: 1. Your Post of Honor. 2. Making Good as a Soldier. 3. Nine Qualities of a Soldier. 4. Getting Ready for Camp. 5. First Days in Camp. 6. Cleanliness in Camp. 7. Your Health. 8. Marching and Care of Feet. 9. Your Equipment and Arms. 10. Recreation in Camp. 11. Playing the Game. 12. Team Work in the Army. 13. Grouping Men into Teams.)

Most of the men in the Army are private soldiers. Their work is of the greatest importance and deserves all the respect and praise which it receives. A great many men in the National Army, however, will be ambitious to rise to higher ranks. They will find plenty of encouragement and opportunities for promotion.

If you are one of these men, don't allow yourself to forget the fact that you can win promotion only by proving your fitness in each duty intrusted to you. It is a rare case when a man is "jumped" several ranks ahead. As a rule, he climbs from one rank to the next higher rank after having demonstrated in each position his intelligence, honor, and reliability.

Even as a private, you may win advancement to the grade known as first-class privates. About one-fourth of the privates in each company may be given the rating "first-class," which means in substance that they are regarded as skilled and trustworthy soldiers.

### Noncommissioned Officers

From the first-class privates are usually chosen the corporals. These are the squad leaders. They are appointed by the commanding officer of the regiment on the recommendation of the commanding officer of the company. In addition to the regularly appointed corporals each company may have one lance corporal. This is a temporary appointment made by the company commander for the purpose of testing the ability of some private whom he is thinking of recommending for permanent appointment. In case the lance corporal does not make a good showing, or for any other reason, he may be returned to the ranks when the commander of the company sees fit.

Next above the corporal in rank comes the sergeant. There are usually 9 to 11 sergeants in a company. Unless a sergeant has some other duty assigned to him, he is normally the leader of a platoon. There are, however, many special duties constantly assigned to sergeants. The first sergeant (in Army slang, the "top sergeant"), for example, keeps certain company records, forms the company in ranks, transmits orders from the

instructions are issued by the higher officers. The manner in which these instructions shall be carried out is left to the judgment of officers in closer contact with the troops and with a more intimate knowledge of the conditions under which they are working.

### CHAMBERS OF COMMERCE NOTES

Chamber of Commerce reports quite a few of our citizens availing themselves of the opportunity to solve the "help" problem.

The Bureau of Information is established at the Chamber of Commerce, for your convenience.

We have a "Schedule of Local Events" make use of it, arrange your meetings so they don't conflict with the other organizations and you will win a large attendance.

We have quite a bit of Historical, Recent and New Data on file at the Chamber of Commerce office, that we suggest you make use of in entertaining friends, advertising your city or in your endeavor to locate new citizens of your endeavor.

If it is a package or passenger you want to send via the Auto Bus line, we want you to feel at liberty to make use of the Chamber of Commerce phone or headquarters.

If you have a good suggestion that will benefit our city in general, you are doing it an injustice if you fail to offer it; offer it to the Chamber of Commerce, we'll see if we can't make it a reality.

The pioneers did their part in locating this beautiful valley and putting it in livable shape, but it's up to us to leave it to our posterity in a much better condition than we found it.

They say you can judge a man by his appearance; we believe the same truth can be applied to some of our progressive merchants that are obtaining the business, mostly through the efforts to have the store front as attractive as possible.

AUTHORITY TO TRANSFORM ALACE-LORRAINE INTO INDEPENDENT FEDERAL STATE GIVEN TO GERMAN CHANCELLOR

Amsterdam, August 26.—In explanation of the Imperial German Chancellor's references to the formation of the new sub-committee of the Reichstag Main Committee, which is to confer with the Government on matters of foreign policy, the Weser Zeitung, of Bremen, asserts that Chancellor Michaelis returned from the German main headquarters with authority to create the subcommittee and with the consent of the Crown to transform Alsace-Lorraine into an independent Federal state.

The General Officers

Above the colonel is the brigadier general, whose proper command is a brigade. Above the brigadier general is the major general, the highest rank at present held by any officer of the American Army.

One general, however, serves as Chief of Staff of the Army. As such he supervises all troops and departments of the military service. He in turn reports to the Secretary of War. The Secretary of War in his turn acts under the general direction of the President of the United States, who is the Commander in Chief.

The chain of authority reaches in an unbroken line all the way from the President to the newest recruit. If the President chooses to give an order which in any way affects the recruit, it passes through the Secretary of War, Chief of Staff, major general, brigadier general, colonel, major, captain, sergeant, and possibly corporal until the recruit is reached and the order obeyed.

### DON'T WAIT TAKE ADVANTAGE OF A MAYSVILLE CITIZEN'S EXPERIENCE.

When the back begins to ache. Don't wait until backache becomes chronic:

Till kidney troubles develop; Profit by a Maysville woman's experience.

Mrs. R. W. Lauderback, W. Second St., Maysville, says: "Two years ago I was suffering with kidney trouble and had been for a long time. I was nervous and dizzy and had severe headaches. My kidneys were too frequent in action and annoyed me greatly.

I had a dull ache across the small of my back and my back was so lame at times that I could hardly bend one way or the other. Some one advised me to use Doan's Kidney Pills and I got a box at Doan & Son's Drug Store. They helped me at once and continued to use entirely cured me of the trouble."

Mrs. Lauderback is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that cured Mrs. Lauderback—the remedy backed by home testimony. 60¢ all stores, Foster-Milburn Co., Props., Buffalo, N. RED CROSS ON ROOF OF A HOSPITAL SEEN BY GERMAN AIRMAN WHO ATTACKED BUILDING—PROOF OF PREMEDITION FOUND

Paris, August 25.—One of the hospitals behind Verdun, on which German airplanes dropped incendiary bombs a week ago, is in Vadelaincourt. The fire caused by the bombs spread rapidly to the whole building, and the glare showed more plainly than ever the large red crosses painted on the roof.

The aviator threw a second bomb, which demolished a pavilion in which were performing operations. The surgeons, nurses and wounded were obliged to leave the building.

Proof of premeditation on the part of the German authorities in making these attacks is furnished by a photograph found on a German aviator brought down at Dead Man Hill. The photograph represented the Vadelaincourt Hospital, with the Red Cross sign indicated clearly.

## FRENCH TROOPS

Again Advance Before Verdun—  
Thousands Prisoners are Taken in  
Gallant Dash Between Mor-  
mont and La Chambre—  
Italians Continue to  
Press Austrians  
Back.

Grand Headquarters of the French Army in France, Sunday, August 26—The gallantry of the French troops before Verdun carried them forward again today when they attacked between Mormont farm and La Chambre wood and advanced another thousand prisoners. The territory to the south of Baumont heights and woods almost to the village of Beaumont fell into their hands notwithstanding the most severe German counter attacks which came under a vigorous fire from the French artillery.

The first attack in the center was checked for a time, but the resistance of numerous nests of machine guns was overcome by the wonderful dash of the French troops, who would not be denied. The German artillery, which seems to be weakening, has bombarded heavily of late before retiring under pressure, but the firing has been wild and little harm has been done.

Somewhat slowly, but nevertheless surely, the Italians are breaking down the resistance of the Austrians in the region around Monte Santo, north of Gorizia, and making their way eastward toward the border of upper Carniola.

In their endeavor to hold back the Italians, the Austrians have brought to this sector large numbers of fresh men and at last reports the fighting was most intense, but the Italians having overcome the resistance of the Austrians at various points.

## Little Given Out

Virtual nothing is being vowed safe in the Italian official communications which even approximately records the advances general Cadorna's men have made since they began their offensive from the region of Tolmino to the sea, the Italian war office probably desiring to conceal from the enemy the exact objectives it has in view.

## SYMPATHY STRIKE

May Be Called at Ashland To Aid C. & O. Clerks—Commissioner of Conciliation From Washington City Getting a Line On Things.

Ashland, Ky., August 28—The strike of clerks and freight handlers at the C. & O. freight depot in this city is on and a considerable congestion of freight is the result. The strikers claim that they have right and justice on their side and that they are going to win in the end. They also state other affiliated organizations will strike in sympathy if the strike here is not properly adjusted.

Superintendent Harris of the Ashland division of the C. & O. stated to an independent representative today that the work was adjusting itself and that the new men brought here from offices in Cincinnati, Richmond, Hinton and other points, were experts at the business and that they would soon have everything running smoothly. He also stated that the efforts of Mr. Forrester the labor organizer of Chicago, to have the clerks at Russell strike in sympathy with the strike here was not effective, as the night force quit and were off about an hour, but that the day force was working as usual today.

Mr. Fred G. Davis, commissioner of conciliation, of Washington, D. C., is here getting a line on the situation and collecting the facts from both sides.

Considerable confusion was caused at the freight depot this morning when the announcement was made that no freight would be received on the platform until after ten o'clock. This caused a great many of the loaded wagons to remain standing and in some instances the loads were hauled back to the ware rooms from whence they came. We do not know what the action will be tomorrow, whether freight will be held off until 10 o'clock. The local office is short of truckers as well as clerks and for this reason, congestion was rather heavy in all departments.

**TWENTY-FIVE-YEAR-OLD STEP-FATHER EXEMPTED**  
Versailles, Ky., August 27—Milton Tyler, colored, who gave his age as 25 years, but who did not appear to be more than 21, today filed a claim with the Woodford County Exemption Board for exemption from military service on the ground that he is the sole support of a wife and ten children. An investigation proved that Tyler's statement was true. Several years ago he married a widow who had seven children and three other children have been born to them.

## WILSON ORDERS EXPORT CONTROL DRAWN TIGHTER

Washington, August 27—President Wilson tightened the government's control of exports tonight by issuing an order forbidding the shipment of any goods to European neutral countries except under license and by extending the lists for which license is required in shipment to the allies and neutrals other than European countries to include cotton, all meats, sugar and most of America's other export commodities.

In a statement accompanying his proclamation, the president said one of the intentions of the government will be to see that no American products are made "the occasion of benefit to the enemy, either directly, or indirectly." Officials interpreted the order as forecasting a vigorous use of the export control as a war weapon and a policy of the strictest rationing of countries contiguous to Germany.

## Formally Prohibited

Exports to Germany and her allies also are formally prohibited by the President's order and this is understood to mean that the export control is about to supersede the British system of giving letters of assurance for American cargoes. Up to now there has been nothing except the British blockade to prevent the shipment of American goods to Germany. Tonight's order in this respect accomplishes one of the purposes sought in the trading-with-the-enemy bill pending in congress.
